

## **Mills Community Support offers home maintenance services, seeks Independent Contractors**

Spring has slowly sprung, and after the long winter your home may be in need of some spring cleaning or maintenance. If you are a senior or an adult with a disability, you may find it difficult to reach the lightbulb that needs changing, bend down to weed the garden, or climb the ladder to wash your second-story windows. Mills Community Support wants to help with that!

Mills Community Support believes everyone in our communities should be able to live independently in their own safe, healthy, well-maintained home for as long as they can. We offer a home maintenance referral service that will help seniors or adults with disabilities do just that.

The program works by matching what you need with the services offered by independent contractors who have applied and been accepted into our Service Arrangement program. Lawn cutting, painting, carpentry and small repairs, snow shovelling, house cleaning, gardening and weeding, window cleaning, laundry, meal preparation, and even companion services are all included in the scope of the our program.

To help meet the needs of the people we support, we are currently inviting applications from independent contractors offering homemaking, house cleaning, or home maintenance services in Almonte, Appleton, Blakeney, Clayton, or Lanark Highlands. To take part in our Service Arrangement program, contractors need to apply through our Home Support office. Once a contractor's application is accepted, which includes getting a police check, Mills Community Home Support program coordinators will match the contractor's services with requests from our clientele.

To access our referral service, or to apply as an independent contractor, please contact our Home Support office at (613) 256-4700, or drop by the office at 67 Industrial Drive, Almonte, from 8:30 to 4:30 weekdays.
